

00:33:52 Luke Robert Mason: 🍌

00:45:56 eva pascoe: Please send questions to Q & A, we will start answering them

00:46:27 eva pascoe: Jon Bristol pound just closed, it was too expensive to run as non digital, but may be now reissued as digital

00:47:13 Cybersalon: Hi there, Cybersalonistas :-)) Just a reminder about tonight's format. Please feel free to chat here in the chat. If you want to direct a question to the panel there is a Q&A system available.
Please add those questions in there and they will be more visible .
Enjoy :-)

00:48:10 Cybersalon: **For Us, The Living: A Comedy of Customs - Robert A. Heinlein**

00:48:14 Lucy Wills: Heinlein. he wrote so well about economics,

00:48:35 eva pascoe: thnx Lucy!

00:48:36 Lucy Wills: even if you didn't agree with his politics, or vlaues

00:48:44 Lucy Wills: values

00:49:25 eva pascoe: **ubinetwork.org**

00:59:30 eva pascoe: Yes Paul point taken

01:01:37 Wael Elazab: I thought the point of the newer digcurrencies was they were finite, like gold

01:02:23 Zoe Camper: One Coin is a good example of smoke and mirrors

01:02:41 Wael Elazab: and that was how the value was maintained ... ? like etherium ?

01:03:51 eva pascoe: Teebo - Cities could \create

01:04:02 eva pascoe: Cities could create money backed by their assets

01:05:14 Alberto Cossu: Thanks for the great answers! One caveat however, there are thousands of cryptos that people invest on, with radically different architectures other than Bitcoin!

01:06:09 eva pascoe: agree Alberto, heterogeneity is the direction of travel

01:07:10 eva pascoe: Follow **Troy on City Am BlockChain Rookies**

01:08:55 Richard Barbrook: **David Golumbia agrees with you! https://www.upress.umn.edu/book-division/images/book-covers/golumbia_politics.jpg/view**

01:11:09 Wael Elazab: sorry , meant to say: I thought the value of newer *cryptocurrencies* came from their being finite, like gold

01:13:41 Paul Dowding: The "Cluckchain"?

01:13:47 eva pascoe: argh yes Paul I keep forgetting, will add this option

01:13:59 eva pascoe: yes Gaye

01:15:08 Keith Teare: Gaye - check out the BrightID project

01:15:18 eva pascoe: agree Gaye, Bright ID is good

01:15:36 Keith Teare: Anonymous not-duplicative - non governmental ID

01:17:33 Paul Dowding: But Blockchain is "Corrupt Evident"

01:18:19 eva pascoe: UN Coin?

01:18:38 Keith Teare: **Article 25 and 26 of the UN Charter on Human Rights are key goals**

01:18:51 eva pascoe: Not Yet but should be!

01:18:55 Keith Teare: :-)

01:19:52 eva pascoe: Absence of Digital ID was painful during the Covid business support systems...

01:20:01 Paul Dowding: I don't see David B's link to Amex

01:21:13 eva pascoe: Identity should not be left to Governments, this is why Covid19 App for Track and Trace landed so badly - zero trust

01:21:16 Richard Barbrook: [The socio-economic rights in the UNCHR are sourced from the 1793 Declaration of the Rights of Man and the Citizen. http://www.columbia.edu/~iw6/docs/dec1793.html](http://www.columbia.edu/~iw6/docs/dec1793.html)

01:22:12 Richard Barbrook: 21. Public relief is a sacred debt. Society owes maintenance to unfortunate citizens, either procuring work for them or in providing the means of existence for those who are unable to labour.

01:22:40 Richard Barbrook: Jacobins for UBI

01:23:53 Wael Elazab: illicit + undertable purchases would stay cash only?

01:24:59 Keith Teare: Gaye -OK. Use my email - keith@teare.com. My Linkedin is full, they only allow 30k "friends"

01:25:35 Wael Elazab: show off :-)

01:25:42 eva pascoe: haha

01:25:46 Keith Teare: Humble Brag :-)

01:26:28 Wael Elazab: like crypto then, Wendy?

01:28:07 Lucy Wills: linking economics and eugenics: the dark conversation that health isn't having in public.

01:28:20 Richard Barbrook: Neolib's are in favour of UBI because it can be allowed to decline in value over time. It's also a good excuse to gut the welfare state even further.

01:29:10 Lucy Wills: ^ too true ^

01:29:46 Lucy Wills: but, we have to reframe it, and make it erosion proof. UC is sooooo far from UBI

01:29:59 Lucy Wills: It's certainly NOT universal

01:32:01 Richard Barbrook: We're not allowed to drink in pubs at the moment!!

01:33:01 Richard Barbrook: Cash is king for illegal activities.

01:33:16 eva pascoe: Sweden has banned cash

01:33:20 Paul Dowding: I'm in the US.

01:33:33 Richard Barbrook: Swedes are puritans.

01:33:36 Paul Dowding: Cash is just easy.

01:34:22 Gaye Soykok: I live in Hackney.. Some shops would do not take cash even before Covid..

01:35:01 Zoe Camper: Cash is king in the casinos in vegas

01:35:13 Alberto Cossu: Coffee shops in Amsterdam accepts credit cards as well, at least the ones I had visited :)

01:35:47 Richard Barbrook: Alberto is correct from my experience as well.

01:36:16 Alberto Cossu: Thanks for that Richard :)

01:36:33 Keith Teare: How many of the 1.4m have a smart phone and could use a wallet with spendable cash?

01:37:57 eva pascoe: London Pound would bring costs down for Londoners, cost of living is high, but we don't get our taxes spend here

01:38:02 Keith Teare: [UBI and Health - https://thatwastheweek.com/automation-work-health/](https://thatwastheweek.com/automation-work-health/)

01:38:26 eva pascoe: Gogo point Jon

01:38:50 Lucy Wills: My friend who works at King X google lives in Woking :)

01:39:06 eva pascoe: Woking is Outer London, I would take them In

01:39:07 Keith Teare: [UBI and Sainsbury /Merchants - https://thatwastheweek.com/universal-income-its-time-has-come/](https://thatwastheweek.com/universal-income-its-time-has-come/)

01:40:02 Richard Barbrook: The problem with the euro is the lack of fiscal transfer by the EU.

01:40:54 Lucy Wills: that's not true

01:41:00 Richard Barbrook: Jacques Delors told us that the purpose of the euro was to force the EU to become a federal republic.

01:41:37 Lucy Wills: vulnerable people are from ALL incomes and demographics

01:41:41 Wael Elazab: is that true? where does it say that, abt the covid deaths?

01:42:00 Richard Barbrook: Lucy is correct.

01:43:25 Gaye Soykok: I agree with Keith. local ecosystem and community businesses ..

01:44:14 eva pascoe: Yes local feels right to rebuild, from the current failures

01:44:39 Richard Barbrook: The ultimate goal must be the abolition of money!

01:44:49 Wendy Grossman: lucy: yes

01:45:07 Richard Barbrook: <https://www.marxists.org/subject/left-wing/gik/1930/>

01:45:08 Wendy Grossman: agree that local is very important

01:45:18 Paul Dowding: Government at the lowest level is the diminishing success of the USA

01:45:36 Richard Barbrook: Jan Appel, Fundamental Principles of Communist Production and Distribution, <https://www.marxists.org/subject/left-wing/gik/1930/>

01:46:17 Paul Dowding: diminishing as the lower level governments are being overrun by the State and Federal legislatures.

01:46:24 eva pascoe: Digital currencies sound more of political rather than just economic issue

01:46:55 Alberto Cossu: totally agree eva!

01:47:30 Lucy Wills: ideological too

01:47:30 Richard Barbrook: Check out chapter 10 on social book keeping.

01:47:58 Lucy Wills: and sadly in some places a seam of anti Semitism too

01:50:51 Gaye Soykok: Thank you everyone. This was good content. I am excited we this Holobionts, have a chance to revisit the industrial value quantifier (which did not work very well) and trying to find new ways to quantify the value .. putting even the values that were not measured therefore sometimes lost. I am optimistic.

01:51:00 Alberto Cossu: EU will hopefully step in and regulate as their only left space to justify their existence after they have completely abdicated their fully political role.

01:51:03 eva pascoe: Thanks Gaye!

01:52:03 Zoe Camper: Great conversation, thank you!

01:52:06 Lucy Wills: yes Gaye :)
